Grimoire of Time

Institute Yearbook 2022

Students' Alumni Cell
FROM THE EDITORS’ DESK

Fables and Fantasies are not something just out of storybooks; each of our lives has treasured moments, moments that make life worth living; we hope that our graduating batch experienced a multitude of such moments during their stay at KGP. We would like to remind you that it’s not just the significant events but the everyday instances that are worth remembering, those late nights at 2:22, hanging out at cheddys, cramming for tests, and so much more. Thus, we have attempted to capture your fantastic tale into this small memoir.

After months of effort in planning, designing and deliberation, we are more than proud to present to you this fantastic memento titled ‘The Grimoire of Time’ that we are pleased to have produced; we hope that it invokes as much joy as we expect and rejuvenates your memories of KGP. We have tried to make this a memoir that you can look back upon years later and still be overwhelmed with emotions and fond memories.

Your fable at KGP was filled with ups and downs, magic and fantasy; thus, to capture this unique story, we felt that our theme ‘A portal to fantasy’ was the most fitting. Let us walk back to those moments that were filled with magic and we hope that you will carry forward the magic you have acquired at KGP and take it forward throughout your life. Though your journey here has ended, you will always be one of us, a ‘KGPian’. We hope you enjoyed the ride and best of luck with your next adventure.

MESSAGES

ROHAN
ASHISH
ATHUL
ADITI
CHESTA
Every year, this day brings a bundle of emotions that the people in this Institute share with the
outstanding students. The cold month of December feels the bright noon-sun face of the students who emulate congenially with their
selfless endeavors and peeply demeanor of the silent heroes that discover eventually in the process of evolution.

I congratulate you on your graduation day and could not be more proud. I know you through the multitude of your brilliant minds
that transcend every challenge into an opportunity. Being a member of almost five decades, I can tell young friends that you are
the future ambassadors of this country and this Institute and you will fail by example to substantiate the legacy that IT
Kharagpur stands for.

This year IT Kharagpur outshone to finish at 2nd position at the 36th LTE All India Aquatic Meet comprising of 350
players from 14 different states. Again, IT Kharagpur topped the list in association with four new retired IT Kharagpur
stars by securing 3 Gold medals for IT Kharagpur that includes all new record steets. Seven successful Indian IT Tech teams, IIT NSP bagged Gold in 7, Silver in 2 and Bronze in 11 of the events. Two undergraduate students belonging to Prof Devi's 1st and 2nd cohort are
awarded as the winners in the National Round of Student Design Challenge held by the Empowers 2022, a conference on
advanced automobile solutions. Four teams namely Team Traditional Lemnux, Team Hanuman, Team Kharagpur India and Team
HOPC were the four winners from IT Kharagpur who won the Smart India Hackathon conducted all over India.

These accolades fill us with the sense of gratification as you mentors, by amplifying your performance in all the
games. Makes your mission to guide humbly and relate the plant and its resources. Initiative enterprises, entities, startups, still
dvelopment programs that can touch basics of the people all over to get strength to create the combination of national development and international outreach.

I urge you to focus your interests around affordable technologies and technologically converged being by empathizing towards
environmental conservation and national integration by sensitizing the spirit of patriotism and national integration by
nation building, imitate the Nis. "Passion, Perseverance, and Persistence" to engage in the welfare of the people that will be
carved into the greater good of humanity. In the Institute of Eminence with quantile resources of matching people
likes and programs that best serve this nation, I will hopefully, be the illustrious Alumni of IT Kharagpur. Year
presidents, teachers and family have worked hard with you to boost you understanding, valor and passion. Always remember
what Swami Vivekananda said, "Education is the manifestation of perfection already existing in a man" Keep-upgrading and
improve your expertise to enjoy the process of learning and growing as you take your shoes in your journey of life.

Don’t limit your scope, challenge your limits. We must strive every day for constant and never ending improvement. Above all, be
a student and learn. Learn all your life. Step up to the infinite delicious life of the art and the world awaits to be discovered by your
presence. I am confident that you will be the leaders of Young India by 2040 by contributing towards making Bharat, Amritabh Bharat.
I congratulate you and your brave a better conscious in the future and take care of your parents who have worked each day while dedicating their life. Finally, enjoy life and its simple joys, be grounded but aim for this sky and higher.

Best wishes.

Virendra Kumar Tewari
Director
It is always tough to part with the students who keep the tempo of this institution high, I congratulate the class of 2022 for their rigorous perseverance and extra ordinary acumen to work on everyday innovations. As the higher ground awaits you, your Alma Mater is proud to present you as the Future Leaders of this country. Nurturing you towards an integrated growth, I hope you turn around the unknown challenges into unexpected opportunities and indulge in sincere efforts to contribute to the society at large.

As an alumnus myself, I can say that your time in IIT Kharagpur is a lifetime memorabilia that will account for most of your life experiences that you will encounter both professionally and personally. On the day of your graduation, I wish you success in all your future endeavours and hope that you will continue to explore the better of you and stride ahead with positive probity that life has to offer. I also congratulate your family, friends and teachers for being the constant support in your adversities and walking that extra mile to contribute to your accomplishments.

All the best!

-Prof. Amit Patra
Deputy Director

On behalf of IIT Kharagpur administration, faculty and staff, I extend a sincere congratulations and best of luck to our newest alumni, the class of 2022! I am so proud of you that the words can really articulate. This success is undoubtedly the outcome of your grit and perseverance, the unflinching support of your family, the dedication of your diligent faculty who gave boundless time igniting young minds; also ensuring a balance in your psychological well-being and academic achievements at the same time, and the efficient staff members whose commitment and hard work has always ensured a supportive environment in this institute.

You embarked on your journey in IIT Kharagpur in pursuit of knowledge and with an ambition to build an illustrious career. I am certain, as you look back, you will see that there is a long and winding path that has led you to this moment. It is our earnest endeavour to impart emerging knowledge to the students for developing world class expertise, capable of meeting global challenges of technology, management and health care. I am sure that our students will make magnificent contribution in further accelerating the pace of development in the world and will utilise their education, knowledge and skills in the service of the nation by being good human beings, sincere and honest professionals and a righteous citizens.

Graduation should never mean goodbye. Remember graduates, you are forever part of our IIT Kharagpur community. As Kaplan, I sincerely hope you will remain connected in some way to your Alma Mater. Thank you in advance for helping to showcase the value of your IIT Kharagpur education and the impact that it will have as you engage the world. Wherever you are in whatever position, please remember your Alma Mater where it all began and try to support this institute in all possible ways you can. You are our greatest ambassadors and with your success and our efforts the Indian Institute of Technology Kharagpur will fulfill the expectation of our nation.

-Prof. Jayanta Mukhopadhyay
Dean, Outreach and Alumni Affairs
Dear Graduating Class of 2022,

On behalf of Indian Institute of Technology Kharagpur, I offer my heartfelt congratulations to the graduating class of 2022. This is a great accomplishment based on your years of hard work and dedication. I would also like to offer my sincerest congratulations and gratitude to the family members who have encouraged and supported you all.

It has been a long, perhaps exhausting and not always fun-filled, but certainly a fruitful and rewarding journey. Most well deserved!

But this is not the end; it is rather the beginning of a new, perhaps even more exciting and challenging journey that will lead you to the next level.

On behalf of the Alumni Affairs, it is my privilege to welcome you all to be new members of the largest, illustrious and vibrant group of Alumni of IIT Kharagpur. In the coming years, I would ask you not to forget your institute, professors and fellow students. I encourage you to not only give back to the institute by supporting institute development activities, programmes and scholarships, but also by keeping us updated on the many achievements you will experience in your careers and personal lives. Being an Alumni is an additional responsibility that you are our esteemed ambassadors for effectively portraying the image and vision of our great institution.

We will always take great pride in your achievements. We recognize, acknowledge, and embrace our alumni as vital stakeholders in the developments of the Institute and to take it to even greater heights. As a member of the Alumni family, stay connected with us to receive the latest updates and notifications of our events and programmes instantaneously.

Let’s go and build a better future.

Congratulations again to the graduates. The entire Institute is very proud of you.

Hearty congratulations and my very best wishes to the Graduating Class of 2022. I am extremely happy and proud of your accomplishments. I hope all of you realize that this is a new milestone in your life and life takes a different and exciting trajectory now with unlimited opportunities.

Through your sheer hard work and dedication, you have earned your academic spurs, which not just bestows a degree but also brings great responsibility on your shoulders. I hope that you take up this responsibility seriously and make a huge and positive impact on society. I am confident that the education imparted here in IIT Kharagpur has turned you into thorough professionals with excellent skills ready to face any challenge. I also hope that the time you spent at IIT Kharagpur has also turned you into a very good human being sensitive to the problems of the humanity. I sincerely hope that you will flourish in your career and personal lives and bring joy and hope to our countrymen.

I once again wish you all the very best with the hope that your association with your alma mater will grow stronger in coming years and you continue to engage with it.

-Prof. Debashish Chakravarty
Associate Dean, Alumni Affairs

-Prof. Maddali Ramgopal
Dean, Faculty of Engineering and Architecture
Congratulations and my very best wishes to the graduating class of 2022. On behalf of Indian Institute of Technology Kharagpur, I appreciate and congratulate your parents and family members for continuously providing support and encouragement to our students here.

Looking at each one of you, I feel my heart being filling with pride and joy. This is a new milestone in the life of our graduates. Our graduates are equipped with the skill and knowledge to face new challenges in life. I sincerely hope that the knowledge, values, skills, and attitudes acquired during your studies at this Institute will enable you to become contributors to a sustainable society and important individuals in the nation building.

I believe that in the developing world, governance standards will continue to improve if current and future leaders like yourselves insist on good governance and integrity. I urge you to bear this in mind when you are in positions of authority as it is the responsibility of each of you to ensure that the developing world exploits its full potential. You should not be reliant on aid and strive towards becoming self-sufficient.

On this day, I would like to remind you that your relationship with IIT Kharagpur does not end here. In fact, your journey is just the beginning of a life-long connection to your IITKGP community. You are the brand ambassadors of this institute. You will always be welcome here to share your wisdom and experiences, and delight us with the stories of your success.

My dear students - never stop dreaming. Nurture your curiosity. Cherish the values that IIT Kharagpur has instilled in you. I am wishing all the graduates all the very best in their future endeavors.

-Prof. G P Raja Sekhar
Dean, Faculty of Sciences (FoS)

It gives me immense pleasure to extend my heartiest felicitation to all the graduates on accomplishing this milestone in your life all because of your hard work and perseverance! You truly deserve the success. I wish you to aim high and not to stop till you get there.

At IIT Kharagpur, you had the opportunity to witness firsthand the creation of new ideas and technologies and to learn from leaders in the field of science, humanities, engineering, and management. It is now your turn to creatively apply the knowledge and experience gained during your studies, for the benefit of the nation. My message to you would be to remain inspired, motivated and driven, as you begin a fresh chapter in your life. I am confident that as you go through life, you will not only contribute in building of the nation, but you will also be the leaders in shaping a more prosperous, equitable and sustainable world.

It is my wish that each and every one of you continue to stay associated with our Institute alumni family, and that will provide us the opportunity to welcome you back to the campus in the years ahead.

I wish you every success in your new endeavors.

-Prof. Saswat Chakrabarti
Dean, Faculty of Bio-technology and Bio-Sciences & Student Affairs
The Students’ Alumni Cell continuously aims to strengthen relations between the institute and its alumni and develop, sustain and expand student-alumni interaction opportunities under the guidance of Dean Outreach.

STUDENTS’ ALUMNI CELL

The Students’ Alumni Cell is a voluntary student body that works under the aegis of Dean of Alumni Affairs, IIT Kharagpur. With a plethora of events and initiatives undertaken around the year, the organization believes in delivering with utmost diligence. The Alumni Cell aims to bridge the gap between the institute and its esteemed alumni community.

The cell continuously endeavours to strengthen the relations of the alumni of this Institute and their alma mater. It has been instrumental in organizing the Annual Alumni Meet, Regional Student Alumni Meet, regular guest lectures by distinguished alumni in the campus, publishing the annual literary magazine (Yearnings of Yore) & the annual Yearbook. The Students’ Alumni Cell also operates the Student Alumni Mentorship Programme, My Imprint (Giving Back Alumni contribution) and organizes Alviva (the annual farewell dinner).
HOOMANS OF KGP

There will be none other like this!
—Suket Mandal
(18EC10049)

"It's true that we blame illu at the start but that is what makes us cry at the end. I still remember how I used to hate going
to work for the illu and used to think when all this will end. I still remember how hard we worked
for making it work and a small drench of
rain would make us low and scared. After actively participating in
my second year of illu at LILR and seeing the after results,
it really made me proud and happy about
illu. Illu has teamwork...and its like a family event where all
participate in it. It was really a good time
which helped me bond well with seniors and my fellow
hallmates. Not having illu for 2020 really made me sad. Illu becomes a part of
u when u truly participate in it. Was lucky enough to witness a
central mini illu in 2021. Participated in the hall even
I had placements to get that satisfaction. Illu is the way KGP
celebrates diwaal... Endless nightmares and co-ordination
of each batch results into this
unique way of celebration."
—Dwarka Sai Nihanth
(18EE10066)
The Annual Alumni Meet is one of the flagship events of IIT Kharagpur conducted by the Students’ Alumni Cell. The event is organized to rekindle the relationships that our alumni have with the institute. The Ruby Jubilee, Silver Jubilee and Golden Jubilee batches are invited for this grand event. It is a time of great festivity for our alumni with them reuniting back to their college selves and reliving again the various attachments that they treasured during their time at KGP. The 18th edition of the AAM themed ‘Carnival’ was conducted from 11th to 13th March 2022.
MESSAGE FROM THE VP

Dear batch of 2023,

"Millions are the hazzards he schaff just the bahn."

Time of memories can just pass my mind as I’m penning this down. Today, when I look into the mirror, I see a changed man and this institution of ours has been twisted in making just the ground our identity. From a kid who just wanted to win in all aspects of life to a person who understands the nuances of success and failure and appreciates the small moments of joy and simple happiness in the hectic city. This has been the most crucial turning of my RGP life. RGP doesn’t just provide us with the platform to perform or instill values but also gives us support in the form of understanding friendships with the people around us, not just inside the premise. The house system during our early life here was the best experience we would cherish throughout our life. After all, it’s not about the place, it’s about the people.

The hall called Tech RGP is known for the ELLA, the famous show, Inner VGTG, a shield run through an open space as I remember the long nights of fraternals and even longer celebrations and gratifications. The efforts of RGPians can never be forgotten anything but these experiences that we have from the very roots of ourselves.

The feeling of representing this institute in tournaments at various levels and exposure to women of pupils for each one of us. The pride that we take in being the prestigious symbol of RGP on our chest and carrying its emblem on our shoulders. In forming this institution which has always been loved by those who take the foot which makes us the middle kiss to achieve glory, to be Uttar Tech. State title or any intercollegiate tournament, we have always been present. How bright were the moments of MT Tech championship and were added. "It is students leg hand bhi bhi ke liye."
The key added with MT Tech getting their dreams from your motto. Your history is not just yours but that of all of us. We would always appreciate the belief in the saying “Nothing can stop a RGPian from achieving what they desire.”

Though our RGP life is filled with uncountable circumstances with a global pandemic visiting the past year from our side, we have not yet lost hope. We have always been RGPians for helping each other in the Ishwar world. I really wish to the whole student community for this. As and soon as the time come for our return, the community made by RGP in receiving us has been our first friend. The way we get to see the final seminar is the best of Tech meet and the Gyanpith championship just fills our heart with pride. As per our RGP, we will definitely improve further in the coming days because the dedication keep just don’t know how to give up.

As we graduate now and start a new journey towards different goals, we see that RGP prepared us really well and will put our own stepping handle in this life with full confidence and realize all our upcoming hardships. We are not only hard but are not at matter where we are, we will always be proud of being a RGPian and will always put our heart and soul to make our institute proud. Thanks to everyone making my journey in this institute with memories and the bonds that I will cherish throughout my life.

In this we present the opening jump holding forward to this wonderful institute keeping all the lessons learnt and memories in our hearts as “you may have RGP but RGP always stays in your heart”.

Heartfelt congratulations to the class of 2023! RGP forever and beyond.

"RGP is a very high bar!"
HOMANS OF KGP

"A golden semester ended, with that my Dual Degree at IIT Kharagpur. The last semester was quite a special one. It started with an online class at my home and ended with giving PPT somewhere on a hall station inside a cab while raining. My KGP journey started in rain and ended in rain. I would like to take a moment and thank all my seniors, my batchmates and my juniors for their constant support, help, guidance and companionship.

It is tough to tag everyone since 100’s of people helped me along the way. As they say, help will always be given at IIT KGP to those who ask for it. I feel very blessed to be part of such a great college with a great legacy among students to pass on whatever help they received. I always felt my name number is very related to my success number. In first year 17/EE/3008 and C3D308. In third year I 17/EE/3008 and H3D08. (Exception: HH16 in second year). I also had the privilege to be a part of the IITians in the four years I was a part of KGP.

In KGP, your Mobile, your bike and your Laptop become an extension of your human body. You feel numb and complete if you have them. I should definitely mention my Drive link - JK R material and my Facebook page - JK RUNNIA. I learnt a lot while maintaining them. A word of Special thanks to Mistletoe in what KGP taught me.

Thank you KGP and KGPians for making me a better version of myself.

Last but not least, Once an IITian, always an IITian. Once an KGPian, always a KGPian. Once you live in KGP, KGP lives in you. PS: I have observed people are signing off, but I haven’t received any documents from ERP to sign off.

Your fellow KGPian

Jaydeepa Kulatharanam
(17/EE/3008)
Mere words can’t begin to describe what the institute stands for in the heart of a KGPlan. It is a place of kinship, hope and excitement for many of us and a home away from home for nearly every KGPlan. True to the culture passed on over the years, this 2100 acre campus has a rich past and stories that would bewilder you even today. This lush green campus away from the hustle and bustle of big cities inspires feelings of tranquillity and peace in all those who wash up on its shores.
HOOMANS OF KGP

"अपने वर्षोऽधूने कुछ लोग, अपने क्रम जाते हैं। उनके संग गृह तर्क सम पत्ता, अपने से पत्ता अर्थ है। नयांकों के पदार्थ को फेंकता नहीं दूर अवकार, पर जब मौलता हूँ, अपनो में अपना लेआता है। क्यों खुश लोग, अपने बन जाते हैं? धूम में छिल लोग के सातहुँ, अंडरमें रंगमें रंगमें घुम पड़ते हैं, बजाने की बजूँता ही नहीं पहली, बने चौँले, पतंग पतंग सजाता है। क्यों खुश लोग, अपने बन जाते हैं? लोगों में कम या बढ़कर तो नहीं है, तो कहाँ ने हीं कहा से आते हैं?

यक्षिन नहीं होला के आनन्द के कभी, अब ये दोस्त ही सरी जाता कहलाते है।

ऐसीही कुछ लोग, अपने बन जाते हैं।

--Kunal Arun Bose
(17MA20053)
THE KGP CULTURE

It’s a place where we arrive as children and depart as grownups. It’s a home away from home that we’ll cherish forever. It is more than a place of learning; it is a place that nurtures us, where we have made lifelong friends, and where we have been shown the path of life. A 2100 acres of absolute enchantment! KGP is a different world itself. Well, we have our own unique food items prepared which can’t be found anywhere else, as well as a dynamic sense of solidarity among the college’s various cultures. We have our own small culture to live by, with a large campus, endless chances, and different hangout spots. We all have our own unique ways of commemorating our various occasions and festivals, and practically everything has a never-ending tempo.
Hoomans of KGP

Spring Fest

"As the cooler months set in, the pageant goes on. The festival of Spring, celebrated with joy and fervor." They are the focus of this pageant. In the spirit of festivities, the story unfolds, painting a vivid picture of the vibrant scenes.

The colors of life, the energy of culture, and the spirit of unity are as prominent as ever. In this instance, the characters are dressed in festive attire, reflecting the spirit of the festival. The story unfolds, capturing the essence of the pageant.

"The story is enriched by the background music, providing a sense of deeper emotion and setting the mood for the performance. The dance, the music, and the overall atmosphere bring a sense of joy and enthusiasm to the pageant."

The pageant is a testament to the rich culture and heritage that the festival celebrates. The characters, costumes, and music all come together to create a memorable experience for all who attend.

"The focus of the pageant is on the celebration of culture and the joy of life. The story is a reminder of the importance of preserving our traditions and sharing them with future generations."

"As the pageant comes to an end, the audience is left with a sense of awe and admiration for the performers. The pageant is a beautiful expression of the richness of our culture and the joy it brings to our lives."

"We are grateful to the organizers for putting on such a wonderful performance. The pageant has been a truly memorable experience and we look forward to attending more such events in the future."
Spring Fest is one of the biggest social and cultural fests in the country. The three-day carnival held in the month of January is attended by students from all over the country. The fest this year was full of fun filled competitions along with majestic Starmights with celebrity artists like KK, Proteeh Kuhad, Order of Chaos, Shalini Kholgade and Sadhguru. It is one of the most memorable time for students and gives them a break from the hectic academic session. The annual fest paints the Institute in the colours of happiness and is eagerly awaited by students for the entire year.
Hoomans of KGP

"Of KGP they... they dabbled, they..."

--Divy Rajesh Kalania

(18CS0018)
The annual techno management fest of IIT KGP provides a platform for every student from all over India to show their scientific and managerial talent. Started in 2004 to provide the technical and brilliant minds with a platform to showcase their talent, Kshitij has grown exponentially and is recognized nationally. There are a variety of technical and management events along with entertainment events with renowned artists. Kshitij also undertakes social initiatives with NGOs. Workshops are also conducted at various locations across India along with guest lectures, exhibitions and mega shows. The 19th edition was conducted from 5th March to 6th March 2022 with the theme Chromatic Clisms.
Hoomans of KGP

"Was lucky to be a part to organize the departmental alumni meet in 2022. Learning on the areas of the batch of 1971, 1981, 1982, 86 and 97 was so nice. It's true that KGP is more about the people than the place itself. The experiences they said about the day was hilarious and scary at the same time. But in the least, it was an open learning from it too. Wandering what would be the situation when I would walk into the department as an alum?"

-Naman Sinha

"Life at KGP to be described in one word: [Jalna]? And why not? The place where everything seems so Peaceful and at the same time Exciting. Surely, couldn't have asked for a better KGP Life than what I have already lived. What not to do! Nothing left, tried and tested everything, be it Social/Tech/Sports, be it exploring all the places, dancing crazily in 2.2 whole night, crashing with Pre's car, and what not. Got Amazing lessons with whom I enjoyed my final semester a hell lot, and obviously how can the Janest be devoid of my Jans? My roommates and all my friends with whom I have been to all the trips inside and outside KGP. I felt being overwhelmed was a bonus point for me, as I made hell lot of friends and bonded with many of them. I'm still thinking, how will I control my team when I will be getting Consecrated from the place that has made me what I am!"

-Nikhil Agrawal

Good luck to you all.．
CHEDIS

The smell of an early morning cup of "chail" gives rise to a new spirit and fills up countless students with enthusiasm for a new day. This place serves as a conclusion to an all-nighter for some KGPhians, whereas serving as an early morning tea place for others. Chedis is one of the closest places to a KGPhian’s heart outside the campus.

TIKKA

A place with good food, low prices and great memories that is what most people think of when they think of Tikka. Located next to MT Hall, Tikka is a hangout for all KGPhians. With its plastic tables and chairs and various stalls that colour in its landscape, it is a place of great nostalgia.

TATA SPORTS COMPLEX

A place where KGPhians prove their mettle and show their spirit, Tata Sports Complex is home to a multitude of football and cricket grounds, frequented by students and sports enthusiasts. It is one of the most popular places at KGP, during inter-IT, GCs etc., the atmosphere is electric with cheering crowds and amazing displays of sportmanship.

NALANDA

Nalanda is one of the biggest complexes in India with a capacity of 30,000 students. The complex was inaugurated by the IIT Kharagpur Alumni. It drives inspiration from the first-ever university in the world and rightfully is the temple of knowledge. Established in 2012, it is the backbone of the academic achievements of KGP.
Jnan Ghosh

Named after our first director Shri Jnan Chandra Ghosh, Jnan Ghosh Stadium is a place that promotes excellence in the field of sportsmanship. After its recent renovation in 2019 for inter lift, it is better than ever. The air at Jnan Ghosh is just electric, fueled by the sweat and dedication of all the athletes who grace its tracks.

Sup Dup

Sup Dup is frequented by many KGPians, known for its delicious 'chaat' and 'food'. With its quaint location away from the bustling crowd, it is a hub for friends who want to share a meal together and enjoy the tranquility and peace that this place offers.

Lakeside

The Lakeside is one of the most tranquil and scenic locations at KGP, located behind the gymkhana. It is home to the sounds of chirping birds, lush greenery, and the beautiful gymkhana lake. It is a place that sparks an inner feeling of peacefulness away from the hustle at KGP.

Gymkhana

The central hub of all student activities. Sparkling around the campus, starting from various sports and cultural events to 12 Mt birthday celebrations, this place has seen it all. With modern infrastructure, this place boasts state-of-art indoor courts.
THE KGP CHALLENGE

WINNER
CONGRATULATIONS

SHIVAM KUMAR JHA

5 YEARS, 5 HALLS
AND A SHABBY BEARD.
THANKS KGP.
Hoomans of KGP

There are two kinds of guys on campus where I come from. One who likes to talk and others who don’t like to talk. Not a major. I’ll be in the second category, hence my life. I’ll be these small talk kind when it comes to life. But as far as food is concerned.

As It’s a bit of food story from the first day I went for a weekend, I didn’t have rushing home to worry about eating in between academics load, hence.

I attended the day the students were for the first time the students to eat in the Nandini for a cup of coffee, more conversely you need to pop up in front of your mess and then discontinue.”

One day, I was having my first coffee during the exams. So while I was having my coffee, I happened to notice a lady with a flag. I noticed that she had a flag with a union symbol, and around the symbol was a lady. She was forced to her position in the hall. And it was the last thing which could happen.

Trains, Malls kuchh bhi happened. I was having my exams and I had to report back. But after that, I saw these cartoons with some text which followed.

KGP = Thanks for making me what I am

Nethem Shashi (NIT)
HOOMANS OF KGP

"All of it begins on 24th July 2017, when I reached the station, abhorred by the 3 letters which have become one of the most horrible places, KGP. This place made me laugh, cry, smile and gave me hope. It made me tough by throwing challenges and making me fight back whenever I was in the verge of quitting. KGP nurtured from the root of spirit of sportsmanship and being a team player, teaching me from guidance and perseverance to cope up with the pace of healthy competition along with the power and aspirations of enemies. It made me realize that the world is full of8 mysterious, uncertain, insecure and almost unfulfilled everyday life is not counted (enough), responsible and mindful individual. This journey wasn't so easy one but when I look back, I realize it was made enjoyable by number of amazing people called Kgpians, that I met here. This is incomplete without these creatures! I can't put the door, for me, Life in KGP was also morally transforming. I once again dipped in the sea of love, deeply buried the feet for more.

which was me a safe during the preparation. I met my musical Guru at this place and the education of music was like the light house on an island in the deep sea of stress and execution. It's more demanding academia and extra curriculum. It always guided me and hope was bestowed to the shore of hope and bliss! THANKYOU for everything KGP.

Best regards "17MA20066"

-Ananthabhuj Boopathy

Illumination or ‘Illu’ is one of our oldest and most treasured bits of culture. After days of gruelling efforts, we make beautiful designs on grids of bamboo known as chattis, though Illu isn’t just about the beauty that these designs provide by adorning KGP in a glow of light that envelopes the entirety of KGP. It’s also about the competitive nature of the events where halls put their tempo to the test of their tempo, competing with each other to see who comes on top. To a lot of halls, the Illu designs aren’t just decorations; they are a symbol of the halls pride, started by the students of Azad hall initially, it has grown into a tradition that unites the whole of KGP.

PLACECOM 21-22

“The reason behind all the happy faces in the yearbook :)”
Another major Diwali tradition of KGP, don’t let its simple name fool you. The rangolis at KGP are no common rangolis, a marvel of design; these are huge mandala trays on the floor with colours mixed with sand. The sand is sifted at least a hundred times where run through the fingers to get a smooth shiny fineness. The colours are sourced locally or sometimes, from the South, for some rare colours. Colour mixing is the main challenge. They can be rejected several times by the ‘Dada’ of the Rangoli team. Grids are first drawn on the floor, and then the colours are filled in by the design that can be illustrated by hand or on the computer. The shading is the trickiest part and can take hours to get things right. A strict timeline, stretching over at least two months, is drawn out and adhered to for the execution of the Rangolis.
"5 years on, Inter IIT tech GC was missing from the KGP cabinet. Hence, it was simple for us we were here to win. And win it big."
HOOMANS OF KGP

"The story of my life at KGP is not extraordinary. It’s the same as everyone. The people, the memories and the places-what makes it special. When I came to KGP in my first year, I wondered how I was going to cope up with so many intellectual minds. I felt the pressure, but I was not going to give up. I took the challenge and learned to face the pressure. That's how I became a part of the KGP family.

However, as 2nd year began, people started taking projects, learning courses online, and participating in various competitions. I too joined in and started working on my projects. I also attended various events and workshops, which were both educational and fun.

In my final year, I started working on my final year project. It was a challenging experience, but I enjoyed every moment of it. I was lucky to have a great team to work with, and we all worked together to complete the project.

My final year was the most amazing time of the whole 5 years at KGP. It taught me the value of friendship. I was going through a difficult time, but my friends were always there for me, by my side, through thick and thin.

Life is like a journey, and the beauty of this journey lies in the unexpected moments. The joy in the simple things, the memories we cherish, the moments we laugh, and the lessons we learn. These are the things that make our life unique and special.

HOOMANS OF KGP

Definitely, I can say that all the fun of 4 years on one side and the fun in just 3 days of Spring Fest is on another side. It's just not a Fest, it's an emotion for which the whole KGP and outside folks oo, eagerly wait to Feel it.

Some of my fondest memories have been made in these 3 offline SFs and I am very grateful to the SF team for that. Moments like Dancing crazily on 2.2, checking out the greenery :-P, enjoying madly in Pronites, Jamming energetically with random folks, exploring new places on campus with new peeps for (various things), and the list goes on.
