FROM THE EDITORS’ DESK

Fables and Fantasies are not something just out of storybooks; each of our lives has treasured moments, moments that make life worth living; we hope that our graduating batch experienced a multitude of such moments during their stay at KGP. We would like to remind you that it’s not just the significant events but the everyday instances that are worth remembering; those late nights at 2.2, hanging out at cheddies, cramming for tests, and so much more. Thus, we have attempted to capture your fantastic tale into this small memoir.

After months of effort in planning, designing and deliberation, we are more than proud to present to you this fantastic memento titled 'The Grimoire of Time' that we are pleased to have produced; we hope that it invokes as much joy as we expect and rejuvenates your memories of KGP. We have tried to make this a memoir that you can look back upon years later and still be overwhelmed with emotions and fond memories.

Your fable at KGP was filled with ups and downs, magic and fantasy; thus, to capture this unique story, we felt that our theme 'A portal to fantasy' was the most fitting. Let us walk back to those moments that were filled with magic; we hope that you will carry forward the magic you have acquired at KGP and take it forward throughout your life. Though your journey here has ended, you will always be one of us, a 'KGPian'. We hope you enjoyed the ride and best of luck with your next adventure.
My Forever KGPlans,

Every year, this day brings a bundle of emotions that the people in this Institute share with the outgoing students. The cold month of December feels the bright nonchalant faces of the students who emote contentment with their extraordinary manoeuvres and proactive demeanour of the latent human that they discover eventually in the process of evolution.

I congratulate you on your graduation day and could not be more proud, to know you through the sublimity of your brilliant minds that transcended every challenge into an opportunity. Being in academia for almost four decades, I can tell you my friends that you are the Future Ambassadors of this country and this Institute and you will lead by example to substantiate the legacy that IIT Kharagpur stands for.

This year IIT Kharagpur outshined to finish at 2nd position at the 36th Inter IIT Aquatics Meet that comprised of 250 athletes from 14 IITs. The women team of IIT Kharagpur topped the list in swimming with four new inter IIT meet records by securing 5 Gold medals for IIT Kharagpur that includes 4 new meet records. After seven successful Inter-IIT Tech meets, IIT KGP bagged Gold in 7, Silver in 1, and Bronze in 3 of the evaluating events. Two undergraduate student teams belonging to ‘ProDex’ group of IIT Kharagpur are awarded as the winners in the National Round of Student Design Challenge held by the Empower 2022, a conference on assistive technology solutions. Four teams namely Team Traditional Learners, Team Arosole, Team TeamForBetterIndia & Team IIT KGP3 were the four winners from IIT Kharagpur who won the Smart India Hackathon conducted all over India.

These accolades fills us with the sense of gratification as your mentors by amplifying your performance in all the genres. Make your mission to guide humanity and revive the planet and its resources. Initiate industries, enterprises, start-ups, skill development programmes that can touch lives of the people at large with combined action towards national development and international outreach.

I urge you to focus your interests around affordable technologies and techno-social convergence by being empathetic towards environmental needs, cultural preservation and national integration by sensitizing the spirit of nationalism. As the beneficiaries of nation building, imbibe the three P’s, “Passion, Perseverance and Persistence” to engage in the welfare of the people that will be channelized into the greater good of humanity. As the Institution of Eminence with quantified milestones in producing people, ideas and programmes that best serves the nation, I hope you will exemplify to be the illustrious Alumni of IIT Kharagpur. Your professors, teachers and family have worked hard with you to boost your understanding, wisdom, and passion. Always remember what Swami Vivekananda said, “Education is the manifestation of perfection already existing in a man.” Keep upgrading and sharpen your expertise to enjoy the process of learning and growing as you stride ahead in your journey of life.

Don't limit your scopes, challenge your limits. We must strive every day for constant and never ending improvement. Above all, be a student and learn, learn all your life. Step up to rise in the indefinite wilderness of life as the world awaits to be dominated by your presence. I am confident that you all will be the Leaders of Young India @2047 by contributing towards making Bharat, Atmanirbhar.

I congratulate you and your family for better successes in the future and take care of your parents who have seen you grow every day while devoting their life. Finally, enjoy life and its simple joys, be grounded but aim for the sky and higher.

Best Wishes!

It is always tough to part with the students who keep the tempo of this institution high. I congratulate the class of 2022 for their rigorous perseverance and extraordinary acumen to work on everyday innovations. As the higher ground awaits you, your Alma Mater is proud to present you as the Future Leaders of this country. Nurturing you towards an integrated growth, I hope you turn around the unknown challenges into unexpected opportunities and indulge in sincere efforts to contribute to the society at large.

As an alumnus myself, I can say that your time in IIT Kharagpur is a lifetime memorabilia that will account for most of your life experiences that you will encounter both professionally and personally. On the day of your graduation, I wish you success in all your future endeavours and hope that you will continue to explore the better of you and stride ahead with positive probity that life has to offer. I also congratulate your family, friends and teachers for being the constant support in your adversities and walking that extra mile to contribute to your accomplishments.

All the best!

-Prof. Amit Patra
Deputy Director
On behalf of IIT Kharagpur administration, faculty and staff, I extend a sincere congratulations and best of luck to our newest alumni, the class of 2022! I am so proud of you that the words can really articulate. This success is undoubtedly the outcome of your grit and perseverance, the unfailing support of your family, the dedication of your diligent faculty who gave boundless time igniting young minds, also ensuring a balance in your psychological well-being and academic achievements at the same time, and the efficient staff members whose commitment and hard work has always ensured a supportive environment in this institute.

You embarked on your journey in IIT Kharagpur in pursuit of knowledge and with an ambition to build an illustrious career. I am certain, as you look back, you will see that there is a long and winding path that has led you to this moment. It is our earnest endeavour to impart emerging knowledge to the students for developing world class expertise, capable of meeting global challenges of technology, management and health care. I am sure that our students will make magnificent contribution in further accelerating the pace of development in the world and will utilise their education, knowledge and skills in the service of the nation by being good human beings, sincere and honest professionals and a righteous citizens.

Graduation should never mean goodbye. Remember graduates, you are forever part of our IIT Kharagpur community. As Kgpian, I sincerely hope you will remain connected in some way to your Alma Mater. Thank you in advance for helping to showcase the value of your IIT Kharagpur education and the impact that it will have as you engage the world. Wherever you are in whatever position, please remember your Alma Mater where it all began and try to support this institute in all possible ways you can. You are our greatest ambassadors and with your success and our efforts the Indian Institute of Technology Kharagpur will fulfil the expectation of our nation.

-Prof. Jayanta Mukhopadhyay
Dean, Outreach and Alumni Affairs
Dear Graduating Class of 2022,

On behalf of Indian Institute of Technology Kharagpur, I offer my heartfelt congratulations to the graduating class of 2022. This is a great accomplishment based on your years of hard work and dedication. I would also like to offer my sincerest congratulations and gratitude to the family members who have encouraged and supported you all.

It has been a long, perhaps exhausting and not always fun-filled, but certainly a fruitful and rewarding journey. Most well deserved!

But this is not the end; it is rather the beginning of a new, perhaps even more exciting and challenging journey that will lead you to the next level.

On behalf of the Alumni Affairs it is my privilege to welcome you all to be new members of the largest, illustrious and vibrant group of Alumni of IIT Kharagpur. In the coming years, I would ask you not to forget your institute, professors and fellows. I encourage you to not only give back to the institute by supporting institute development activities, programmes and scholarships, but also by keeping us updated on the many achievements you will experience in your careers and personal lives. Being an alumni, it is an additional responsibility that you are our esteemed ambassadors for effectively portraying the image and vision of our great institution.

We will always take great pride in your achievements. We recognize, acknowledge, and embrace our alumni as vital stakeholders in the developments of the Institute and to take it to even greater heights. As a member of the Alumni family, stay connected with us to receive the latest updates and notifications of our events and programmes instantaneously.

Let’s go and build a better future.

Congratulations again to the graduates. The entire Institute is very proud of you.

-Prof. Debashish Chakravarty
Associate Dean, Alumni Affairs
Hearty congratulations and my very best wishes to the Graduating Class of 2022. I am extremely happy and proud of your accomplishments. I hope all of you realize that this is a new milestone in your life and life takes a different and exciting trajectory now with unlimited opportunities.

Through your sheer hard work and dedication, you have earned your academic spurs, which not just bestows a degree but also brings great responsibility on to your shoulders. I hope that you take up this responsibility seriously and make a huge and positive impact on society. I am confident that the education imparted here in IIT Kharagpur has turned you into thorough professionals with excellent skills ready to face any challenge. I also hope that the time you spent at IIT Kharagpur has also turned you into a very good human being sensitive to the problems of humanity. I sincerely hope that you will flourish in your career and personal lives and bring joy and hope to our countrymen.

I once again wish you all the very best with the hope that your association with your alma mater will grow stronger in coming years and you continue to engage with it.

-Prof. Maddali Ramgopal
Dean, Faculty of Engineering and Architecture
Congratulations and my very best wishes to the graduating class of 2022. On behalf of Indian Institute of Technology Kharagpur, I appreciate and congratulate your parents and family members for continuously providing support and encouragement to our students here.

Looking at each one of you, I feel my heart being filling with pride and joy. This is a new milestone in the life of our graduates. Our graduates are equipped with the skill and knowledge to face new challenges in life. I sincerely hope that the knowledge, values, skills, and attitudes acquired during your studies at this Institute will enable you to become contributors to a sustainable society and important individuals in the nation building.

I believe that in the developing world, governance standards will continue to improve if current and future leaders like yourselves insist on good governance and integrity. I urge you to bear this in mind when you are in positions of authority as it is the responsibility of each of you to ensure that the developing world exploits its full potential. You should not be reliant on aid and strive towards becoming self-sufficient.

On this day, I would like to remind you that your relationship with IIT Kharagpur does not end here. In fact, your journey is just the beginning of a life-long connection to your IITKGP community. You are the brand ambassadors of this institute. You will always be welcome here to share your wisdom and experiences, and delight us with the stories of your success.

My dear students—never stop dreaming. Nurture your curiosity. Cherish the values that IIT Kharagpur has helped instill in you. I am wishing all the graduates all the very best in their future endeavors.

Prof. G P Raja Sekhar
Dean, Faculty of Sciences (FoS)
It gives me immense pleasure to extend my heartiest felicitation to all the graduates on accomplishing this milestone in your life all because of your hard work and perseverance! You truly deserve the success. I wish you to aim high and not to stop till you get there.

At IIT Kharagpur, you had the opportunity to witness firsthand the creation of new ideas and technologies and to learn from leaders in the field of science, humanities, engineering, and management. It is now your turn to creatively apply the knowledge and experience you gained during your studies, for the benefit of the nation. My message to you would be to remain inspired, motivated and driven, as you begin a fresh chapter in your life. I am confident that as you go through life, you will not only contribute in building of the nation, but you will also be the leaders in shaping a more prosperous, equitable and sustainable world.

It is my wish that each and every one of you continue to stay associated with our Institute alumni family, and that will provide us the opportunity to welcome you back to the campus in the years ahead.

I wish you every success in your new endeavors.

"It's true that we blame illu at the start but that is what makes us cry at the end. I still remember how I used to hate going to work for the illu and used to think when all this will end. I still remember how hard we worked for making it work and a small drench of rain would make us low and scared. After actively participating in my second year of illu at LLR and seeing the after results, it really made me proud and happy about illu. Illu has teamwork...and its like a family event where all participate in it. It was really a good time which helped me bond well with seniors and my fellow hallmates. Not having illu for 2020 really made me sad. Illu becomes a part of u when u truely participate in it. Was lucky enough to witness a central mini illu in 2021. Participated in the hall even I had placements to get that satisfaction. Illu is the way KGP celebrates diwali... Endless nightouts and co-ordination of each batch results into this unique way of celebration."

The 18th Annual Alumni Meet is one of the flagship events of IIT Kharagpur conducted by the Students’ Alumni Cell; the event is organized to rekindle the relationships that our alumni have with the institute. The Ruby Jubilee, Silver Jubilee and Golden Jubilee batches are invited for this grand event. It is a time of great festivity for our alumni, with them reverting back to their college selves and relishing again the various attachments that they treasured during their time at KGP. The 18th edition of the AAM themed ‘Carnival’ was conducted from 10th to 13th March 2022.
MESSAGE FROM THE VP

Dear batch of 2022,
"Akele aaye the, hazaaro ke saath jaa rha hain."

Tons of memories run past my mind as I’m penning this down. Today, when I look into the mirror, I see a changed man, and this institution of ours has been integral in making me the person I am today. From a kid who just wanted to win in all aspects of life to a person who understands the nuances of success and failure and appreciates their equal existence in shaping up the pathway to a happy life, it’s been a transformative journey. This has been the most crucial learning of my KGP life. KGP doesn’t just provide us with the platform to out-perform ourselves but also gives us support in the form of everlasting friendships with the people around us who never let us give up on our dreams. The bonds created during our stay here are the best memories one will cherish throughout their life. After all, it’s not about the place, it’s about the people!

The hall culture which KGP is known for, the ILLU, the tempo shout, Inter IIT, GC, a chill runs through my spine as I remember the long nights of fraternal effort and even longer celebrations and gratification. The efforts that a KGPian can put into bringing anything live are through these experiences that we have from the very roots of ourselves.

The feeling of representing this institute in tournaments at various levels and genres is a moment of pride for each one of us. The pride that we take in bearing the prestigious symbol of KGP on our chests and carrying its stature on our shoulders is a feeling that can never be matched. It’s always for this institute, the pride that we feel which makes us burn the midnight oil to achieve glory, be it Inter IIT, State level or any Inter-college tournament. I remember when we represented IIT KGP for the first time at the West Bengal State Athletics Championship and were asked, "IIT ka students log daalta bhi hai kya?" The day ended with IIT KGP getting their first-ever State meet medal in its history, an ever proud moment that I will never forget proving my belief in the saying "Nothing can stop a KGPian from achieving what they desire."

Though our KGP life was filled with unconventional circumstances with a global pandemic stealing the past year from us, we saw great zeal from all KGPians in helping each other in the times of need. I am really thankful to the whole student community for this. And as soon as the time came for our return, the comeback made by KGP in reviving its culture has been surreal. The tempo we got to see in the final semester in the Inter IIT Tech meet and the Gymbhakana Championship just fills my heart with pride. I am sure KGP will definitely improve further in the coming days because the students here just don’t know how to give up!

As we graduate now and start a new journey towards different goals, we see that KGP has prepared us really well to face any upcoming hurdles in life with full confidence and achieve all our upcoming goals. It's going to be hard but so are we! No matter where we are, we will always be proud of being a KGPian and will always put our heart and soul to make our institute proud. Thanks to everyone for making my journey in this institute filled with memories and the bonds that I will cherish throughout my life.

It’s time to embark on the upcoming journey bidding farewell to this wonderful institute keeping all the lessons learnt and memories in our hearts as "you may leave KGP but KGP always stays inside of you!"

Heartiest congratulations to the class of 2022!
KGPian forever and beyond.

"A golden semester ended, with that my Dual Degree in IIT Kharagpur. The last semester was quite a special one. It started with an online class at my home and ended with giving PPT somewhere in a hill station inside a cab while raining. My KGP journey started in rain and ended in rain. I would like to take a moment and thank all my seniors, my batchmates and my juniors for their constant support, help, guidance and competition. It is tough to tag everyone since 100's of people helped me when I was in need. As they say, Help will always be given at IIT KGP to those who ASK for it. I feel very blessed to be part of a great college with a great legacy among students to pass on whatever help they received. I always felt my roll number is very related to my room number. In first year 17EE3008 and CD308. In third year: 17EE35004 and H304. (Exception: H116 in second year.) I can see me transforming from my photo on the left (entering campus on 24.07.2017) to right (leaving campus on 11.05.2022). I always felt like second home in my room because of cordial nature of KGPians. In KGP, your Mobile, your Cycle and your Laptop become an extension of your human body. You feel resourceful and complete if you have them.

I should definitely mention my Drive link - JKR material and my Facebook page - JKR FUNDA. I learnt a lot while maintaining them. "A word of Speech is a work of Action" is what KGP taught me. Thank you KGP and KGPians for making me a better version of myself. Last but not least, Once an IITian, always an IITian. Once a KGPian, always a KGPian. Once you live in KGP, KGP lives in you. PS: I have observed people are signing off, but I haven’t received any documents from ERP to sign off.

Mere words can't begin to describe what the institute stands for in the heart of a KGPian. It is a place of kinship, hope and excitement for many of us and a home away from home for nearly every KGPian. True to the culture passed on over the years, this 2100 acre campus has a rich past and stories that would bewilder you even today. This lush green campus away from the hustle and bustle of big cities inspires feelings of tranquillity and peace in all those who wash up on its shores.
"अपने
क्यों कुछ लोग, 'अपने' बन जाते है?
उनके सग गुजरे सब पल, सपने से याद, आते है।
यादों के पटियों को खोलता नहीं हूं अक्सर,
पर जब खोलता हूँ, आखो में आँसू ले आते है।
क्यों कुछ लोग, अपने बन जाते है?
धूप में छाँव बन के सहलाते है,
अंधेरे में रीशनीसे राह देखते है,
बताने की जरूरत ही नहीं पड़ती,
बनी बोले, पाले सब समझ जाते है।
क्यों कुछ लोग, अपने बन जाते है?
लोगों ने कहा था दुनिया तो बुरी है,
तो उसमें ये हीरे कहा से आते है?
यकीन नहीं होता के अनजान थे कभी,
अब ये दोस्त ही मेरी जान कहलाते है।
ऐसे ही कुछ लोग, अपने बन जाते है।

THE KGP CULTURE
THE KGP CULTURE

It’s a place where we arrive as children and depart as grownups. It’s a home away from home that we’ll cherish forever. It is more than a place of learning; it is a place that nurtures us, where we have made lifelong friends, and where we have been shown the path of life. A 2100 acres of absolute enchantment! KGP is a different world itself. Well, we have our own unique food items prepared which can’t be found anywhere else, as well as a dynamic sense of solidarity among the college’s various cultures. We have our own small culture to live by, with a large campus, endless chances, and different hangout spots. We all have our own unique ways of commemorating various occasions and festivals, and practically everything has a never-ending tempo.

वो nalanda क्लास पर nescafe जाने की बचाई,
को कैसे भुलाउँग मै वो club house की farewell की सजावट,
वो techm का शोरुम वातावरण, वो देर रात तक maggu room का जीवंत माहौल,
वो takshila के पूर्वेश पर शीतल सनसनी, वो main building के बारे के पत्तों की महक,
वो supdup पर शाम की चढ़ियों की कलर, को कैसे भुलाउँग मै
वो tapri के तंदूरी मोमबत्ती का सुबाद, वो CCD के dark frappe से मलिता गले का सुकूर,
वो MS oreo के मिठाई की सनसनी, वो HJB के पारों की सुंग,
को कैसे भुलाउँग मै वो illu पर उजुल मध्य से चमक की सुनहरा झलक,
वो holi पर रंगारंगे कपड़े से महफ़ते पेड़,
वो SF के promite पर blues और rock का संगम,
वो GC पर tempo shout के रोमांच की गुंज,
को कैसे भुलाउँग मै ओ रे KGP तेरी यादो से परेशान हूँ मै,
तेरी हर मोड से जुड़ी रुमाल से हैरान हुँ मै, कुछ बोते है जो तत्परी में बच्चा करना नामुमकिन है,
कुछ पल है जनिको दमाम की ताजीयों की नकलिना असमंजस है,
तेरी हर होशी से जुड़ी यादो की नहीं भुला पाता मै,
जब तक है जान जब तक है जान-Dvij"

The annual techno management fest of IIT KGP provides a platform for every student from all over India to show their scientific and managerial talent. Started in 2004 to provide the technical and brilliant minds with a platform to showcase their talent, Kshitij has grown exponentially and is recognized nationally. There are a variety of technical and management events along with entertainment events with renowned artists. Kshitij also undertakes social initiatives with NGOs. Workshops are also conducted at various locations across India along with guest lectures, exhibitions and mega shows. The 19th edition was conducted from 5th March to 6th March 2022 with the theme Chromatic Chasms.
HOOMANS OF KGP

"Was lucky to be a part to organize the departmental alumni meet in 2022. Listening to the alums of the batches of 1971, 72, 81, 82, 96 and 97 was so nice.

It's true that KGP is more about the people than the place itself. The experiences they said about dept was hilarious and scary at the same time. But none the less.. it was an great learning from it too.

Wondering what would be the situation when I would walk into the department as an alum ?"
--Dasari Sai Nishanth
(18EE10066)

"Life at KGP to be described in one word is:
Jannat? And why not?
The place where everything seems so Peaceful and at the same time Exciting.
Surely, couldn't have asked for a better KGP Life than what I have already lived! Nothing left, tried and tested everything, be it Socult/Tech/Sports, be it exploring all the places, dancing crazily in 2.2 whole night, crashing with Prof's car, and what not.
Got Amazing Juniors with whom I enjoyed my final semester a hell lot, and obviously how can the Jannat be devoid of my Jaans?
My roomies and group friends with whom I have went to all the trips inside and outside KGP. I felt being over extrovert was a bonus point for me, as I Made hell lot of friends and bonded with many of them. I am still thinking, how will I control my tears when I will be getting Convocated from the place that has made me apna?"

GLOBAL ENTREPRENEURSHIP SUMMIT
GES

Global Entrepreneurship Summit, a three-day summit where you compete with the best and learn from even better. It is one of the flagship events of the Entrepreneurship Cell, IIT Kharagpur. Abiding by its motto, it is indeed an Epitome Of Innovation providing a huge platform for the confluence of new-age entrepreneurs, eminent business personalities, venture capitalists and college students. It's a magnificent initiative that gives wings of fire to the young ignited minds to take off into the entrepreneurial world and forge their future. Empresario. Million at Stake.

Kharagpur Angel Network, GES Pitchers, Intern Carnival and Co-founders Meet all fuel the students to learn the very latest ruling skills of the business world.
HOOMANS OF KGP

"The time when I missed Illu as we were at home due to covid
Na koi theme h, na koi team h,
Diyet jalae kafi pr adhura sa dream h,
Multiple to chhodo nhi hua single night out,
Miss to kroge hi pool me kudna or tempo shout
Na hi koi border h, na koi filling h jalane ko,
Na hi jaldi h split krke pardo ke pichhe bhag jane ko
4 sal bad ghar pe diwali mana rha hu,
Lekin apne 2nd home ki ek kami si h,
Ghar saja dia, lighting or dio se
Lekin illu dekhe bina ankho me ek nami si h,
Na hi result k lie rat ko gymkhana jaenge,
Socha nhi tha graduation se pehli esi diwali manege”
--Devendra Patidar
(17ME33003)

Life at KGP without a doubt is hectic, but what
I learned the most from it is how to manage
tasks even at the time of enormous pressure, and how to
enjoy and live your moments despite having an
upcoming exam or an interview. KGP made me strong
mentally by dealing with failures.
Also thank you KGP for gifting
me the love of my life and friends who will never
be forgotten. Adios !!

"My first year spring fest was one of the turning points in my life. Being an introvert at the start, it was really difficult for bonding with people. SF2019 was the time where I met and bonded with my people. The second year fest was simply so love. From roaming the streets to dancing to nightouts and much more. Really missed sf in 2021.

The last SF was an extraordinary experience. I know it was the last but still..... It feels different and crazy if you have the right kind of gang and I was lucky to have one. Made reels...ate outside all day...the silent DJ...Shaan's concert...clicking pictures...dancing to music and lot more"

EVERY PLACE HAS A STORY
The Lakeside is one of the most tranquil and scenic locations at KGP; located behind the gymkhana, it is home to the sounds of chirping birds, lush greenery, and the beautiful gymkhana lake. It is a place that sparks an inner feeling of peacefulness away from the hustle at KGP.

The central hub of all student activities happening around the campus, starting from various sports and cultural practice to 12 AM birthday celebrations, this place has seen it all. With modern infrastructure, this place boasts state of art indoor courts.
Named after our first director Shri Jnan Chandra Ghosh, Jnan Ghosh Stadium is a place that promotes excellence in the field of sportsmanship. After its recent renovation in 2019 for inter IIT, it is better than ever. The air at Jnan Ghosh is just electric, fueled by the sweat and dedication of the athletes who grace its tracks.

Sup dup is frequented by many KGPians, Known for its delicious ‘chai’ and ‘food’. With its quaint location away from the bustling crowd, It is a hub for friends who want to share a tea together and enjoy the tranquillity and peace that this place offers.
TATA SPORTS COMPLEX

A place where KGPians prove their mettle and show their spirit, Tata Sports Complex is home to a multitude of football and cricket grounds, often frequented by sports enthusiasts. It is one of the most popular places at KGP, during Inter IITs, GCs etc., the atmosphere at Tata is just electric with cheering crowds and amazing displays of sportsmanship.

NALANDA

Nalanda is one of the biggest complexes in India with a capacity of 30,000 students. The complex was inaugurated by the IIT Kharagpur Alumni. It draws inspiration from the first-ever university in the world and rightfully is the temple of knowledge. Established in 2012, it is the backbone of the academic achievements of KGP.
CHEDIS

The smell of an early morning cup of 'chai' gives rise to a new spirit and fills up countless students with enthusiasm for a new day. This place serves as a conclusion to an all-nighter for some KGPIans, whereas serving as an early morning tea place for others. Chedis is one of the closest places to a KGPIan's heart outside the campus.

TIKKA

A place with good food, low prices and great memories that's what most people think of when they think of Tikka. Located next to MT Hall, Tikka is a hangout for all KGPIans. With its plastic tables and chairs and various stalls that colour in its landscape, it is a place of great nostalgia.

HOOMANS OF KGP

There are two kinds of guys in campus when it comes to illu.
One who like to do it and others who don’t like to do it.
Not a surprise, I fall in the second category. Since I was in LBS, there wasn’t much load when it came to illu. But still we had to do some work.
As I had a lot of free time in the first year, I went and contributed. However, in the second yr,
I didn’t have a single minute to waste due to extreme academic load. Hence,
I decided to skip illu duty whenever I got the chance.
During the initial few days, whenever I went to the Nescafe for a cup of coffee, seniors coincidentally used to pop up in front of my room and to their disappointment couldn’t find me even damn time lol.
One day however they managed to find me. It was during the sunset.
So while seniors were busy catching others,
I escaped by walking in the dark shadows. Later some Gcc realised that I had escaped and issued a search warrant. So I was forced to take refuge in MMM. And it was the best thing which could have happened.
I met the MMM folks there especially Udar, Kanesh, Neel and they became my best buddies. Entire second and third yr was spent having fun with them. Such a shame that pandemic stopped all of this abruptly.
Hoping to meet them during the convocation.

HOOMANS OF KGP

"All of it began on 24th July, 2017, when I reached the station abbreviated by the 3 letters which have become one of the most lovable places, KGP?

This place made me laugh, cry, smile and gave me hope. It made me tough by throwing challenges and making me fight back whenever I was on the verge of quitting.

KGP nurtured in me the true spirit of sportsmanship and being a team player, steering me from jealousy and inferiority complex to the joy of healthy competition along with the power and importance of oneness. It made me realize the realities of this world while transforming an innocent, immature and absent minded young adult to a matured (enough), responsible and mindful individual. This journey wasn't an easy one but when I look back, I realize it was made enjoyable by a number of amazing people, called Kgpians, that I met here! It really is incomplete without these creatures!

Last but not the least, for me, life in KGP was also musically transforming. It once again sparked in me the lost, deeply buried thirst for music which was in a safe during jee preparation. I met my musical Guru at this place and the education of music was like the light house on an island in the deep sea of stress and exertion from demanding academics and extra curriculars. It always guided me and kept me buoyed to the shore of hope and bliss.

THANKYOU for everything KGP!

Illumination' or 'Illu' is one of our oldest and most treasured bits of culture. After days worth of gruelling effort, we make beautiful designs on grids of bamboo known as chatais, though Illu isn't just about the beauty that these designs provide by adorning KGP in a glow of light that envelops the entirety of KGP, It's also about the competitive nature of the events where halls put their tempo to the test of their tempo, competing with each other to see who comes on top, to a lot of halls the illu designs aren't just decorations they are a symbol of the halls pride, started by the students of Azad hall initially it has grown into a tradition that unites the whole of KGP.
Another major Diwali tradition of KGP, don’t let its simple name fool you. The rangolis at KGP are no common rangoli, a marvel of design; these are huge murals made on the floor with colours mixed with sand. The sand is sifted at least a hundred times when run through the fingers to get a smooth silvery fineness. The colours are sourced locally or sometimes, from the South, for some rare colours. Colormixing is the main challenge. They can be rejected several times by the ‘Dadas’ of the Rangoli team. Grids are first drawn on the floor, and then the colours are filled in by the design that can be illustrated by hand or on the computer. The shading is the trickiest part and can take hours to get things right. A strict timeline, stretching over at least two months, is drawn out and adhered to for the execution of the Rangolis.
“5 years on, Inter IIT tech GC was missing from the KGP cabinet. Hence, it was simple for us, we were here to win. And win it big.”
HOOMANS OF KGP

"The story of my life at Kgp is not extraordinary. It's the same as everyone. The people, the memories, and the place are what make it special. When I came in my first year, I wondered how I am going to cope with so many intellectual minds. I am glad, I did. The friend's group which I got in my first year is still constant even though few people graduated last year. We made so many memories, the beach trips, going to Nalanda top gate crashing an M.Tech fresher's party, SF; everything was fun.

However, as 2nd year begun, people started taking projects, learning courses online apart from acids, and participating in various competitions. I had no clue what I should be doing. I was struggling to increase my CGPA. People were doing internships, and stayed back at campus doing projects while I went back home.

I started exploring different fields. I tried learning data. did a project on finance in VGSOM, and was wondering if I should give GATE or go for MBA after. I was not able to get any internship in finance for my 3rd year summers so took an unpaid internship at a healthcare startup there, I discovered the field of UX design and never looked back again.

I opted not to prepare for CDC profiles but pursue my interest in UX designing. It was getting difficult since I wasn't getting any internships off-campus. I felt like giving up. But at the end of the 8th sem, I got one. I feel grateful to find something which I like and want to pursue my career in that field. My friends were equally supportive and helped me in the best possible way.

My final sem was the most amazing time of the whole 5 years at Kgp. It taught me the value of friendship. I was going through a difficult time but my friends were always there for me, they made me feel understood and happy.

I fell in love with the beauty of this place, the lush green trees, roads decorated with wonderful flowers, the soothing night sky, the peace. I will forever be indebted to this place for giving me precious people, giving me beautiful memories and helping me discover myself."

Definitely, I can say that all the fun of 4 years on one side and the fun in just 3 days of Spring Fest is on another side. It's just not a Fest, it's an emotion for which the whole KGP and outside folks too, eagerly wait to Feel it.

Some of my fondest memories have been made in these 3 offline SFs and I am very grateful to the SF team for that. Moments like Dancing crazily on 2.2, checking out the greenery:

-P, enjoying madly in Pronites, Jamming energetically with random folks, exploring new places on campus with new peeps for (various things), and the list goes on.
