Concept note
Leadership is all about direction, influence and organizational improvement. Till date we have been talking about organizational leadership or corporate leadership. In fact leadership is an adjective mostly attached to the growth of industry. Rarely, we realize the importance of leadership in educational institutions. This programme is planned and designed to help the participants to understand how educational leadership can transform and enhance the effectiveness of educational institutions. This seminar intends to focus on the academic community and to encourage individual members to develop various skills, competencies, abilities, to enhance their leadership skills. It will also help them to develop awareness into their self motivation, optimism and specific plans of actions for enhancing their leadership competencies. The course is specially designed for the teachers/faculty of AICTE/UGC approved educational institutions, colleges and universities.
Socio-emotional aspects of Teacher Education and Leadership

- Communication skills and effective leadership
- Emotional Intelligence & Educational Leadership
- Creativity and Innovation in academic environment
- Professional Ethics and Values in Teaching
- Work motivation and Job satisfaction in academics
- HRD practices in academic/corporate institutions
- Self efficacy and personal effectiveness of teaching practitioners

Selected and acclaimed papers of the seminar will be published in the form of an edited book on ‘Educational Leadership’. Participants will be requested to submit the revised paper as per the guidelines of a standard Indian publisher.

Research Questions

- Why do we need capable educational leaders?
- How to maintain quality and uniformity in higher education?
- How to manage diversity in order to attain world-wide recognition in higher education?
