

Curriculum Vitae

Prof. Dillip Kumar Swain, Ph. D.
Professor, Agronomy
(Agricultural Systems & Management)
Agricultural and Food Engineering Department
Indian Institute of Technology Kharagpur
Kharagpur – 721 302
INDIA

Tel.: +91-3222-283170
Fax: +91-3222-282244
E-mail: swain@agfe.iitkgp.ac.in

Vision

My long-term goal is to design sustainable farming system model for small and marginal farmers, which is expected to enhance food grain productivity and economy of rural India. To cope with the climate change/variability and food security issues, I am pursuing research on Climate Change Adaptations/Mitigations and Organic Farming for sustainable agricultural growth and quality food production.

Research Areas

- Sustainable & Precision Production Agriculture
- Climate Change Adaptation & Mitigation
- Organic Farming & Crop Quality
- Crop Growth & Yield Simulation

Professional Career

- Professor (August 2018): Agricultural and Food Engineering Department, Indian Institute of Technology Kharagpur, India.
- Associate Professor (June 2013 to August 2018): Agricultural and Food Engineering Department, Indian Institute of Technology Kharagpur, India.
- Assistant Professor (March 2007 to June 2013): Agricultural and Food Engineering Department, Indian Institute of Technology Kharagpur, India.
- Visiting Faculty (January 2006 to March 2007): Agricultural and Food Engineering Department, Indian Institute of Technology Kharagpur, India.
- JSPS Post-Doctoral Fellow (November 2003 to November 2005): United Nations University, Tokyo, Japan
- Research Associate (March 2001 to October 2003): ICAR-National Rice Research Institute (Central Rice Research Institute), Cuttack, India

Professional Activities

- Research Advisor of Nan Yang Academy of Sciences (Singapore), with effect from 14 October 2018.
- Editorial Board Member, Journal of Environmental & Earth Sciences, Bilingual Publishing Co. (27 December 2018 to 26 December 2019).
- Editorial Board Member, the Journal of Agrometeorology, Association of Agrometeorologists, India (27 May, 2020).

- Expert committee member, Odisha Public Service Commission
- Judged, Virtual Smart India Hackathon 2020
- Panelist, Vaishwik Bharatiya Vaigyanik (VAIBHAV) Summit held during 02 to 31 October 2020

Additional Responsibilities

- Chairman, Hall Management Centre, IIT Kharagpur (October 2022 – March 2025)
- Coordinating warden, Hall Management Centre, IIT Kharagpur (July 2021 – September 2022)
- Member, Research Programme Evaluation Committee, IIT Kharagpur (July 2021 – June 2022)

Education

- Doctor of Philosophy (2002): Agricultural and Food Engineering Department, Indian Institute of Technology Kharagpur, India.
- M. Sc. (Ag) in Agronomy (1996): Orissa University of Agriculture and Technology, Bhubaneswar, India.
- B. Sc. (Ag) (1993): Orissa University of Agriculture and Technology, Bhubaneswar, India.

Teaching

At the undergraduate and postgraduate level:

- Soil-Plant-Water Relationships
- Crop Production Systems
- Agricultural Systems Modeling Lab
- Systems Approach in Agriculture
- Organic Food Chain Management
- Management and Productivity
- Crop Production Technology

Student Guidance

- M. Tech: Degree awarded – 70, In-progress – 5
- Ph. D.: Degree awarded – 15, In-progress – 6

Awards

- Japan Society for the Promotion of Science (JSPS) fellowship award for postdoctoral research during 2003-2005
- The Fertiliser Association of India (FAI) Silver Jubilee Award for 'Outstanding Doctoral Research in Fertiliser Usage' in 2003
- Certificate of Reviewing by Elsevier (European Journal of Agronomy) in recognition of review made for the Journal in 2016
- Platinum Jubilee Lecture award (to commemorate the platinum Jubilee of the Indian Science Congress Association) for the Section of Agriculture and Forestry Sciences at 107th Indian Science Congress held at University of Agricultural Sciences, Bangalore, January 3-7, 2020.

Member Scientific Bodies

- Life member, Indian Society of agronomy, New Delhi (January 2007)
- Life member, Indian Science Congress Association, Kolkata
- Life member, Association of Agrometeorologists, India (January 2020)
- Member, America Society of Agronomy, USA
- Life member, Indian Society of Geoinformatics

International Collaboration

- University of Toyama, Japan: Prof. Naoya Wada and Prof. Geetha Mohan
- Research and Development Center of Nippon Koei Co. Ltd. (Rdcnk), Tsukuba, Japan: Mr. Shigeru Nakamura
- United Nations University, Tokyo, Japan: Dr. Srikantha Herath and Dr. Geetha Mohan
- Asian Disaster Preparedness Centre, Bangkok, Thailand: Dr. Rishiraj Dutta
- Institute for Hydrology and Water Resources Management, Leibniz Universität Hannover, Hannover, Germany: Dr.-Ing. Jörg Dietrich

On-going Sponsored Projects (As Principal Investigator)

Total cost of the sponsored project: Rs. 330.00 lakhs

- Organic vertical farming system for improved yield and quality of vegetables in subtropical climate. Sponsored by IIT Kharagpur AI4ICPS I HUB FOUNDATION, Paschim Medinipur, Kharagpur, West Bengal.
- Experimental Agro-meteorological Advisory Service unit (AAS), Sponsored by Ministry of Earth Science, Government of India, India Meteorological Department, Mausam Bhawan, Lodhi Road, New Delhi.

Completed Projects (As Principal Investigator)

- Forecasting Agricultural Output using Space, Agrometeorology, and Land based observations (AAL), Sponsored by Ministry of Earth Science, Government of India, India Meteorological Department, Mausam Bhawan, Lodhi Road, New Delhi.
- The Effect of Climate Change and Agricultural Management Practices on Rainfed Rice Crop Yield in Rural Vietnam and India, Sponsored by United Nations University, Institute for the Advanced Study of Sustainability, Tokyo, Japan
- Agronomic management Technologies for Reduced Greenhouse gas emission from Rice-based production system in eastern India: A simulation study (MTV), Sponsored by Department of Science and Technology, New Delhi
- Development of climate adaptive agro-technologies for sustainable wheat and corn production in eastern India (ATI), Sponsored by MHRD, Department of Higher Education, New Delhi
- Precision nutrient management technologies for sustainable food grain production (PNG), Sponsored by MHRD, Department of Higher Education, New Delhi.
- Simulation of the Impact of Climate Change on Rice-based Cropping System in Parts of Indo-Gangetic Plains, Sponsored by Space Application Centre (ISRO), Ahmedabad (2009-2011)

- Modeling the performance of a few major cropping systems in eastern India in the light of projected climate change, Sponsored by Indian Council of Agricultural Research, New Delhi (2009-2014)
- Climate change and rice-based crop production system of eastern and south eastern India: Impact assessment and risk management through simulation study, Sponsored by CSIR Centre for Mathematical Modeling and Computer Simulation, Bangalore (2010-2014).

Patents:

- System of Rice Intensification (SRI) Nursery Seeder for Mechanical Transplanting (Patent No.: 520284, Granted on 05 March 2024, The Patent Office, Govt. of India).

Book Publications:

Text Book (1):

Climate Risk Management in Agriculture: Monthly and Seasonal Forecast Application by Mohanty U.C., Sinha P., Rao M.M.N., Swain D. K., and Singh K. K. (2024). Capital Publishing Company, Copublished by Springer (ISBN: 978-93-81891-76-6).

Invited Lectures

- Delivered an Invited lecture on Climate Change Impacts on Food Security: Evaluation of Adaptations and Mitigations using Decision Support System, at Indian Statistical Institute, Kolkata on 14 February 2019.
- Delivered a talk on Technological Intervention in Horticultural Production for Sustainable Food security in Merchant's Chamber of Commerce & Industry, Kolkata on 12 February 2019.
- Delivered lecture on Building Resilience to Climate Change: Climate Change Impacts on Food Security in a Training programme on “ Agro-Ecosystem Resilience in a Changing Climate” during 12 to 15 June 2017 at Colombo, Sri Lanka: Supported by Asian Disaster Preparedness Centre, Bangkok.
- Global Students Competition for Shell Idea 360 during 26 June to 01 July 2016 in London, UK.
- Delivered lead lecture on “Field experiments and simulations to evaluate agro-adaptations to climate change for rice production in sub-tropical India” in International conference on climate and food security in Asia at National University of Singapore on 5 June 2015.
- Use of crop model for rice production management at Colombo, Sri Lanka (June, 2015)
- Climate change impacts on food security at United Nations University, Tokyo, JAPAN (22 October 2013)
- Use of crop model for rice production management at AIT, Bangkok, Thailand (19-21 November 2012)
- Climate change impacts on food security at United Nations University, Tokyo, JAPAN (02 March 2012).
- Concept of crop model and introduction to DSSAT at AIT, Bangkok, Thailand (20 and 21 December 2011).
- Analysis of future climate extremes, impacts on rice production at United Nations University, Tokyo, JAPAN (13 November 2011).
